***Deep Roots, Oranges, a Taste of Florida's Past ...
and the Honor of our Secret Heroes ... the Navy Seals!***

IF YOU GOT ANY CLOSER, YOU WOULD HAVE TO ENLIST

Depart at 8:30am to visit our historic museum built on the birthplace of the U.S. Navy Frogmen. The story, the heroes, the exhibits, are all captured in this water-view museum setting. The ground upon which The National Navy SEAL Museum was built in Fort Pierce, Florida, is where, from 1943 to 1946, the first brave volunteers trained as members of Naval Combat Demolition Units and Underwater Demolition Teams.

Following lunch, we're off to Al's Family Farms and Packinghouse for a look at Old Florida charm that has managed to escape the changes of an ever-increasing population. Get a close-up view as we tour the facilities, see the packing house in full production, and indulge in some juicy treats. Your tour concludes with ice cream for dessert!
