

Befitting Just Your Style COVID-19 Safety Precautions (based on CDC and Government Health Guidelines)

To all our valued tour groups, we want you to know that we have your safety and health foremost in our minds as we begin to set up travel programs for the coming season. We understand your concerns about social distancing and sanitizing, because they're our concerns, too! Going forward, we want you to know about the following steps which will be taken on all our programs:

ENHANCED BUS CLEANING: Buses will be thoroughly wiped, including seats, floors, overheads and bathrooms before and after each trip. They will be disinfected with an EPA-approved chemical mist overnight and sprayed with a solution of hydrogen peroxide and water while groups are off the bus for meals and other visits.

SANITIZING WIPES AND HAND SANITIZER: Available for all passengers throughout each trip.

MASKS AND GLOVES REQUIRED FOR ALL PASSENGERS AND DRIVERS: Required on board and while entering and exiting the bus.

TEMPERATURES WILL BE TAKEN BEFORE BOARDING THE BUS. Anyone with a temperature above 100 degrees will be denied boarding.

SOCIAL DISTANCING: Bus capacities will be limited according to CDC and other government requirements. Currently, on full-size coaches which normally carry 56 passengers, the limit will be a maximum of 30, subject to change as regulations are reviewed. Passengers will be seated with social distancing in mind.

IMPORTANT REMINDERS FROM THE CENTERS FOR DISEASE CONTROL:

- Since there is currently no vaccine to prevent COVID-19, the best prevention is not to be exposed to the virus or to expose others; if you have ANY symptoms of illness, please do not travel.
- Frequent handwashing (for 20 seconds) and sanitizing are the best prevention – please avoid touching your eyes, nose and mouth at all times.
- Even though sanitizer and wipes will be on the bus, we recommend also having your own.

We know this has been a trying time for all of us, and we look forward to getting out and about as soon as possible. If you have any questions or concerns, do not hesitate to contact us. It's been said often enough, but we truly are all in this together, and we will get through it together.

Stay safe and healthy!
