Special Art Exhibit:  
Florida's Highwaymen  
(exhibit on view until Feb. 24, 2022)**

**Florida's Highwaymen** - Afro-American artists who captured the romantic, natural beauties of the 1950's Treasure Coast, selling to locals and tourists from their roadside "studios", often for \$10 or less. Painting was a way out of the limitations of the segregated South to support their families. 70 amazing works on display!

**Sterling Elliott** was a prodigious inventor and collector who embodied American innovation and originality. Experience his life's work with a museum docent as you tour the classic cars, vintage airplanes, country store, baseball memorabilia, antique toys, local art and more. *A delightful trip down Memory Lane!*

**Plus ... the newest Special Exhibit ... the Johnson Sea Link II Submersible**, a deep-sea scientific research vessel built in the 1970's by Edwin Albert Link. View the Sea Link on the museum grounds, and learn more about its fascinating underwater missions with displays inside the museum!
