Wynwood Walls Murals
Brand-New Museum - Graffiti Raised to a New Level!
2021/2022 date to be selected

Depart at 8:30am for Miami, where we'll meet our professional Miami tour guide, who'll introduce us to the **WORLD OF GRAFFITI**, where this once-disparaged activity has been elevated to a newly-recognized art form! **Miami Art Lovers** gravitate toward **WYNWOOD**, with its galleries, coffee shops, design stores and restaurants, tucked between expansive empty warehouses. "It feels alive with the work and energy of young artists and new studios and restaurants open every day". A pulsating, exciting experience of color, texture and design ... funky ... gritty ... avant-garde ... beautiful ... endless emotions as you view the murals throughout the district, "living, breathing" works of art on the Warehouse Walls. A morning of touch, feel, sight and taste on your narrated tour, including a chance to get off the coach and view some of the murals up close. This tour is a unique cultural adventure in this growing district, this developing oasis, **Wynwood**. Even if you've been there before, the murals change frequently, and our professional guide will make this visit extra-special!

"CRAZY ABOUT YOU" – With its truly unique setting, warm décor, prestigious dining room, and picturesque waterfront dining, "Crazy About You" is one of Brickell's most upscale, preferred destinations. Whether dining or enjoying the views from the romantic bayfront terrace or sampling cocktails and listening to relaxing rhythms, it is not to be missed!

Continue to the new **Museum of Graffiti** to experience the very beginnings of graffiti with teenagers in New York who started tagging subway cars with images that pleased some and quite displeased many others ... and developed their art over the years and came to create beautiful images that are now considered a new art form all over the world. Your docents communicate their experiences and love for graffiti in a very special way. It may not be your cup of tea, but we feel you'll leave the museum with a better understanding and perhaps a new appreciation of ... **Graffiti!**
